Playa Mujeres is a private, gated residential community on the northern edge of Cancun, planned around a marina, a Greg Norman golf course and a low-density belt of mangroves, dunes and inland waterways. The Troon-operated Par 72 runs paspalum greens, tees and fairways and is regarded as one of the strongest courses in Mexico. The community sits 15 minutes from downtown Cancun, 20 minutes from the Hotel Zone and 25 minutes from Cancun International Airport (CUN) — the shortest airport transfer of any beachfront enclave in the state, which is what makes the location work for owners who arrive from abroad several times a year.

We evaluated this lot against both returns: financial performance and Return on Wellness™ (ROW) — what a property builds in quality of life, not only in capital. Beachfront land inside an established, fully serviced private community is a finite position; the clubhouse adjacency and the 33 m of frontage cannot be replicated elsewhere in Playa Mujeres.
